Warrant

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Clarksville in the County of Coos in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said Clarksville on Tuesday, the 9th day of March, next, at ten of the clock in the forenoon, to act upon the following subjects:

By Ballot or Major Vote-

- 1. To choose all necessary Town Officers for the year ensuing.
- 2. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same.
- 3. To see if the Town will vote to authorize the Selectmen to hire such sums of money as may be necessary to defray Town charges in anticipation of Taxes.
- 4. To see if the Town will vote to authorize the Selectmen to administer or dispose of any real estate acquired by the Town through Tax Collector's deeds.
- 5. To see if the Town will vote to accept State Aid for construction of T. R. A. Roads, so-called, said aid to be expended on the West Road, so-called, from the end of T. R. A. Road completed in 1942 and raise and appropriate or set aside the sum of \$191.66.

6. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this 20th day of February, in the year of our Lord nineteen hundred and forty-three.

GUY W. POND C. L. FELTON H. N. YOUNG

Selectmen of Clarksville.

Superintendent's Report

To the Superintending School Committee and the Citizens of the Clarksville School District:

FOREWORD

Today, we are engaged in total war. Total war reaches into every phase of a nation's life. Total war is waged not only on the battle front, in the factory and in the home, but also in every schoolroom throughout the nation.

In wartime, good teaching is more important than ever. The special contribution which education can make to national defense and to the prosecution of the war is a matter of serious thought for teachers. Isn't it harder to build than to destroy?

We have our quota to meet. 27,000,000 world citizens of the decade beginning in 1950 are being prepared in our public schools. We need to train these 27 million for living as adequately as we train the 3,000,000 for war industry. We need to teach as efficiently as we gather scrap. We need to inspire and guide with as much contagious enthusiasm as we pass out rationing cards.

The part that the schools can play in educating the coming generation is great. To fail will cost us bitterly in terms of juvenile delinquency now and in the defeat of our high hopes for tomorrow. How futile our every war effort if these citizens of tomorrow are not fitted for their places.

Each teacher has his part to play. Each should strive to rise to the demands of a tremendous present, of a fateful future. The immediate war contribution of an individual teacher, in the class room, may seem slight but the combined effort of 31 million teachers

and pupils who constitute the schools of our country is a force of enormous power.

Teachers

The teachers this year are Ruth Robie (Grade I-VIII) and Marjorie Fitts (Music). We have one less teacher than last year due to the decreased enrollment.

Health

The present emergency emphasizes the need for a citizenry that is physically fit to serve. A person is said to be physically fit when he is free from defects and disease, practices good mental hygiene, and has the knowledge, skill, strength, and endurance to engage successfully in the activities which life demands of him. Obviously, these elements of fitness have a direct relationship to national defense whether the individual is at the battle front, in industry or at home. Shouldn't we all aim to be physically fit for war and peace?

The statistical report of the School Nurse is given below.

War Bonds and Stamps

The pupils and teachers of this Union (Clarks-

ville, Colebrook Town, Colebrook Special, Columbia Pittsburg and Stewartstown Districts) up to December 15, 1942 had invested \$22,422.50 in United States War Bonds and Stamps.

Notes on the Budget

The school board's total budget for 1943-44 is \$4,933.00 as compared with \$6,237.00 for last year. There is no estimated income so the requested appropriation is \$4,933.00. The appropriation for last year was \$5,314.73.

This reduction was made possible by the elimination of one teacher and the decreased number of pupils attending High School.

Buildings and Equipment

The school building is in very good condition. During the summer months a new furnace was installed, the classrooms were redecorated and the exterior of the building painted, in addition to the usual minor repairs.

Enrollment and Attendance

There are now 20 enrolled as compared with 32 last year. This represents a drop of 12 in one year and 28 over a three year period.

The primary room had a commendable attendance record (96.96%) and the tardiness record (14) for the building was very good.

Floyd Shatney, Pearl Beauchemin, Brendon Grover and Jeannette Pond had perfect attendance for the year.

Tuition

During the school year 1941-42 we had 12 tuition pupils attending Pittsburg High School. This year we

have just half that number (6). It is expected that the number will remain about the same as we have one Senior in High School and two pupils in Grade VIII.

Conclusion

In this crisis the schools should devote themselves directly to the gerat fundamental purposes of education—the preparation of intelligent citizens who understand, believe in, and practice the ideals of democracy; the preservation of national unity; the safeguarding of health; the training for vocational competence; the development of a sense of responsibility for common welfare; and the maintenance of sound, wholesome community life.

I take this opportunity to express my appreciation to the members of the school board, parents, teachers, and citizens for the support and cooperation they have given to the schools during the past year.

Respectfully submitted,

ALBERT P. KNIGHTLY,

Superintendent of Schools
